SCRAMBLER
DUCATI

With the Ducati **Scrambler**, Ducati presents not just a new motorcycle but rather a new brand, a new approach to the motorcycling world that offers not only performance and technology but also freedom of expression, fun and sharing of positive emotion. Ducati Scrambler is a new brand, offering a whole new world made up of bikes, accessories and apparel that provide the last word in self-expression. Anti-conformist, accessible and essential, the Ducati Scrambler is a perfect mix of tradition and modernity, a stride towards the pure essence of motorcycling: two wheels, wide handlebars, a straightforward engine and endless fun.

SIXTY2

SCRAMBLER
★★★★**DUCATI**

Sixty2 is a Ducati Scrambler inspired by the youth culture of skateboarding, surfing and pop music. That's why Sixty2, the most "popular" Ducati Scrambler of all time, is the new "pop icon". The design, a highly expressive version of the Ducati Scrambler, finds a new form in its steel fuel tank, the graphics and the dedicated logo making it immediately recognizable, as well the three exclusive colors: Atomic Tangerine, Ocean Grey and Shining Black.

URBAN ENDURO

SCRAMBLER X
DUCATI

The **Scrambler Urban Enduro** version is the ideal companion with which to get around urban obstacles with agility, but also to reach new places, riding on the less travelled roads. The brown seat with a ribbed design, lined with technical fabrics, offers first-class ergonomic comfort. The fork protectors, engine sump guard and the headlight grille protect the key parts of the bike on off-road sections, while the cross bar stiffens the wide handlebar. Additional references to the off-road world include the high mudguard in plastic fibre and the spoke wheels. In Wild Green.

FLAT TRACK PRO

**SCRAMBLER
DUCATI**

A real tribute to American dirt track racing: the new **Ducati Scrambler Flat Track Pro**, an evolution of the Ducati Scrambler Full Throttle, that recalls the world of American Flat Track racing. It mounts low variable section handlebars, a Termignoni exhaust, and is finished with alloy wheels. It is inspired by the motorcycles ridden by Troy Bayliss and Johnny Lewis at the 2015 American AMA Pro Flat Track championship and adds premium innovative details to the current Ducati Scrambler range.

ITALIA INDEPENDENT

LIMITED EDITION

It is born out of a collaboration between Ducati Scrambler and **Italia Independent**, brand leader in the eyewear and lifestyle products sector, that combines fashion and design, tradition and innovation. The bike represents the expansion of the range as it takes a turn in a more fashionable and glamorous direction while maintaining the characteristic values of the Scrambler Brand. Created as a limited edition and with only 1077 units being produced, each bike is enriched by an aluminium plate engraved with its unique serial number. To seal this pairing of Made in Italy style and originality, a specific logo has been created and will be positioned both on the side covers of the tank and on the label of the leather seat. The Matt Black of the tank and Night Copper side covers further enhance the café racer soul of this bike.

LOOKBOOK

COLLECTION 2016

Casual, outdoor, authentic, the Ducati **Scrambler** apparel collection promotes free expression, in line with the modern philosophy, offering an up-to-date interpretation of the stylistic heritage of the past. Its “post-heritage” style is based on choosing the very best from the past to make it into absolutely innovative, contemporary designs. Apparel intended not just as “riding gear” but as a true lifestyle option, able to cross and mix the boundaries between technical gear and fashion items.

Quattrotasche leather jacket

9810312_

Produced in cowhide, the Quattrotasche jacket is designed for motorcyclists who care about look, functionality and are sensitive to post-heritage appeal. Oil and wax treatments ensure that the garment is extremely soft. CE certified, it has soft protectors on shoulders and elbows and fits a removable back protector. The internal liner is produced in TechFrame mesh and contains localised thermal cotton padding. The jacket can be adjusted at the neck and waist with snap fasteners and side zips. Its unique style and refined details make this garment the icon of the Ducati Scrambler line.

Outdoor fabric jacket

98103076_

Inspired to the Urban Enduro version, the Outdoor jacket, is equipped with CE protectors, fits a back protector, and is designed to adapt to any situation. The exterior is composed of a refined 3-layer elasticised, waterproof and breathable soft-shell. The enveloping volume of the garment can be adjusted with coulisses on both waist and hood. Ventilation is managed through dedicated zips. The internal layer is a padded jacket: a useful, modern quilted jacket in camouflage, that can also be worn separately. Available in men's and women's versions and designed for all Ducati Scrambler free spirits.

Trucker Patch denim jacket

98103380_

The development of Trucker Patch, in perfect Scrambler style, takes the volume of a lifestyle denim jacket and cleverly redesigns it in terms of volume to contain CE-approved protectors on the shoulders and elbows while also protecting the biker from the wind. The careful attention to detail is enhanced with the customized buttons, dedicated patches and original tartan cotton panel that recalls other pieces in this clothing collection. Available as a men's and women's version, this youthful looking, informal jacket is suitable for all types of road on board your Ducati Scrambler!

Urban Raid fabric jacket

98103680_

Urban Raid is the result of combining the iconic worker's jacket with the extremely original Ducati Scrambler style. The jacket, made in polyester fabric and 3D mesh, elastic and ultra-ventilated, is strengthened with fabric bands that increase abrasion resistance performance in case of a crash. Equipped with CE certified protectors on the shoulders and elbows, 4 volume adjustments and a band to attach it to pants, it is also suitable for use with the Warrior 2 back protector (sold separately). Ease of use, ventilation, protection and first-rate details: a perfect mix for an unmistakable look!

**Overland
textile vest**
98103078_

The Overland vest, made of Cordura® and mesh, is designed for short trips and hot climates. The six pockets of various sizes make this garment extremely versatile and functional, while a seventh pocket allows for the insertion of a Manis G back protector, sold separately. Ducati Scrambler brand customisations and contrasting inserts complete this practical and essential garment.

**Cargo
fabric trousers**
9810341_

Comfortable and lightweight, the multi-pocketed Scrambler Cargo pants are perfect for the biker, both on and off the bike. Created in dyed, Sanforized cotton to retain the dimensional stability even after many washes, they have adjustable CE protectors at the knee and upper tibia. Available as a men's fit, they boast double stitching in the areas most exposed to abrasion to increase safety in case of a crash. For free spirits.

**Cross Country
technical boots**
9810313_

The Scrambler Cross Country sneakers are much more than just sneakers. Designed with the Comfort Fit System, a special construction system that faithfully reproduces the anatomy of the foot, they provide a high level of comfort. The upper is in full-grain leather with a vintage touch, the interior includes an advanced waterproof and breathable membrane while the sole is in anti-slip, abrasion-resistant rubber. Protectors on the tip, heel and ankle bone complete the profile of these CE-certified sneakers. Style, safety and comfort for riding the Ducati Scrambler on every type of road!

**Scr 399 Blundstone
technical boots**
9810333_

Lightweight, durable and with great torsional flexibility, the SCR 399 Blundstone boots have been especially created by the Australian company for the new Ducati Scrambler collection. Appreciated for their timeless design marked by comfort and simplicity, they have long been an icon of the fashion world and perfectly represent the anti-conformist and essential style of the new Scrambler. The upper, with ergonomic tip, is produced in strong cowhide with elasticated side inserts. The heel with Poron® XRD™ reinforcements, the anti-hydrolysis midsole and the sole, resistant to temperatures of up to 140°, further enhance resistance of the SCR 399 boots.

Black Track full-face helmet

98103330_ECE
98103340_USA

The full-face Black Track helmet is the result of a collaboration between Ducati Scrambler and Bell. It is designed around the Bullit shell that, though retaining the lines of the Star model - the first full-face helmet in history to be produced by Bell - has been updated with a more comfortable fit, refined finishes and cutting-edge technical solutions. The captivating graphics with stripes, in perfect Scrambler style, reinterpret and modernize a line that was highly appreciated in the past, enhancing the appearance of this iconic product.

Orange Track jet helmet

98103350_ECE
98103360_USA
98103370_JAP

The Orange Track jet helmet is the result of a collaboration between Ducati Scrambler and Bell, two brands that have taken original ideas from the past and interpreted them in a contemporary way. An external shell in fiber, developed in five sizes, combined with EPS interior, also available in five sizes, make the Orange Track helmet compact and comfortable.

Available with orange base, the helmet boasts graphics that immediately project you into the Scrambler world.

Equipped with a microfiber interior and D-ring fastener, Orange Track can be completed with the sunshade visor (included) or with the Scrambler Heritage goggles (to be purchased separately).

Scrambler I.I. jet helmet

98103328_ECE
98103329_USA

Joining their creative forces, the American helmet maker Bell, the Italian companies Ducati Scrambler and Italia Independent have put their talents to work to design the jet helmet "Scrambler I.I.". Produced by Bell, this exclusive helmet is a blend of traditional and innovative design. Its distinctive mark is the fusion of the two logos in one, the same that appears on the special edition of the iconic motorcycle. The emblem is in evidence both at front and rear of the helmet, united by a handsome grey stripe that tops off the look.

Short Track jet helmet

- 98103084_ ECE (brown-yellow)
- 98103085_ USA (brown-yellow)
- 98102832_ JAP (brown-yellow)

The Short Track jet helmet is the result of the collaboration between Ducati and Bell, two brands that have characterised the history of motorcycling and have taken original ideas from the past interpreting them in a contemporary way. An external fibre shell, developed in five sizes, combined with an EPS interior, in five sizes, make the Short Track helmet compact and comfortable. Available in black-white and brown-yellow versions, the helmet boasts graphics that immediately projects you into the Scrambler world. Equipped with a microfibre interior and D-ring fastener, Short Track can be completed with the sunshade visor (included) or with the Scrambler Heritage goggles (sold separately).

Short Track helmet bag

981029519

The Short Track helmet bag, with faux leather exterior and a soft inner lining, is the perfect way to protect your Short Track helmet and show your affinity to the new Ducati Scrambler world.

Heritage goggles

981029518

The goggles Heritage by 100% are an essential accessory to complete the Ducati Scrambler look. The TPU mask, resistant and flexible, is equipped with anti-fog ventilation and includes an interchangeable Dalloz lens with great optic quality. The customised Ducati Scrambler elastic band is adjustable and is fastened to the helmet with an internal silicon mould. Perfect balance between the modernity of the Ducati Scrambler and timeless motorcycling style.

Street Master C2 leather gloves

98103089_ (black-yellow)
98103079_ (black-black)

The Street Master C2 sheepskin gloves, available in black-black and black-yellow colour versions, combine classic style with a modern fit. Equipped with double layers of microfibre and inserts in shock absorbing material, they are certified according to EC standards. The inserts, in elasticated fabric and neoprene, improve the fit, reducing volume variations while riding. The micrometric wrist fastening customised Ducati Scrambler allows for easy adjustment. Comfort, safety and style that enhance the enjoyment of wearing them.

Blue Star sweatshirt

98769439_

Raglan style full zip sweatshirt, 100% cotton. Simple light garment ideal for casual wear. The Scrambler logo and the vibrant color of this sweatshirt are distinctive marks of the Land of Joy.

Overland fabric gloves

98103087_ (black-beige)
98103088_ (black-grey)
98103400_ (black-orange)

The Overland gloves, produced in Hexagon high-resistance fabric, have thermoformed neoprene panels to guarantee flexibility for the back of the hand and the thumb, and polyurethane inserts injected directly onto the back of the fingers. The palm in microfibre is Ducati Scrambler customised with a silicon print that increases grip. The distinctive style and the attention to details make the Overland gloves a real must-have.

Sixty2 sweatshirt

98769440_

Salt-and-pepper polo-neck sweatshirt. The Scrambler sketch is prominent on center front. A comfortable fitting sweatshirt with shoulder patches. Water print, soft to the touch, 100% styled in Italy.
